

QUALITY POLICY STATEMENT

The performance improvement and good quality ethics of BRENTEX PETROLEUM SERVICES LIMITED to its customer is based on a strong quality policy. BRENTEX PETROLEUM SERVICES LIMITED is fully committed to providing best quality petroleum and gas products and services that meet or exceed customer expectations. Our priority, is that our products/services comply with customer as well as regulatory requirements applicable to our industry. It is our policy to view quality as a proactive objective that grow to become tradition, making us a world leader in the production of LSAW Pipes. This is achievable through the following:

- To give the customer a good reason to come back, BRENTEX PETROLEUM SERVICES LIMITED is committed to ensuring that meeting customer satisfaction is not enough but exceeding their expectation. We understand when we exceed customer's expectations – that is when we have provided exceptional production and services from start to finish.
- To achieve this BRENTEX PETROLEUM SERVICES LIMITED is committed to ensuring that the facilities and inter-related processes are conducive to produce quality products that meets capital ANSI/API specs 5L, and that ranks among the best in the world.
- To provide quality products from this facility. It is the responsibility of the management to ensure that personnel performing work affecting the conformity of the product requirements are competent on the basis of appropriate education, training, skill and experience. Also, BRENTEX PETROLEUM SERVICES LIMITED provides training and has established system to assist all personnel to achieve the standard required.
- BRENTEX PETROLEUM SERVICES LIMITED aim to achieve the above by implementing quality management system that complies with the international standard of ISO 9001:2015, ISO/TS 29001 and American Petroleum Institute Specification Q1. It also includes a commitment to meet the requirements of our client as well as legal and regulatory requirements. Also, to the continual development of the system and helping to ensure it remains effective.
- Providing quality products and services include understanding and recognizing the need and expectations of our customers and end users. Based on this we continually improve on quality management system and quality control of products and services realization. It is therefore the responsibility of the Quality Manager to ensure that quality system is monitored and measured at intervals through internal audit and performance analysis and report regularly to the Senior Management Team on the systems implementation, status and effectiveness.
